

How to change Boot Message (default is Mitsubishi)

Press and hold VOL

While holding, also press MENU button.

Hold both for 7 seconds until "DOP USB Setup Mode" is shown.

Turn VOL until "DOP SETUP" is shown.

Press VOL to select.

Choose your desired boot-up message from the table below.

Then press the corresponding Button on the radio.

Once message is selected, turn the car key off for 15 seconds to store the selection
